Conceived by the prestigious Code Architecture Studio, VOULIAGMENI 8 – LARNACA remains in tune with modern lifestyle demands. The modulation and articulation of building elements and the interplay of materials, colors and volumes are well reflected in the project.

Made up of four floors, VOULIAGMENI 8 – LARNACA boasts eight apartments: The fourth floor comprises two penthouses, each of which consists of two bedrooms and bathrooms. Each penthouse is connected to the roof through private exterior stairs and upon which lie a storage room and a BBQ area with all the provisions. The third and second floors house two identical apartments each featuring two bedrooms and bathrooms. The first floor incorporates two identical units, each consisting of two bedrooms and bathrooms, in addition to an individual rear uncovered balcony.

Laid out in a way to offer maximum brightness, an abundance of living space and proper ventilation, the living quarters of VOULIAGMENI - 8 LARNACA are a blend of convenience, functionality and comfort.

## LOCATION

Situated near the historic Kameron Aqueduct and the popular Cineplex, in close proximity to plethora of amenities and services, VOULIAGMENI 8 is characterized by its tranquility and charm overlooking a large green area. Only eight minutes are needed to reach the Larnaca International Airport and the City Center and ten minutes to arrive at the highly-acclaimed Makenzie and Finikoudes beaches. Positioned at two kilometers from the intersection of three main highways, namely Nicosia, Limassol and Ayia Napa, VOULIAGMENI 8 is conveniently located to travel throughout the island.
